

*BIOGRAPHIES*

PETER CARROLL

Graduate of the University of British Columbia with a B.Sc. in Physics and Mathematics. Graduate of the University of Calgary with an M.Sc. in Theoretical Physics, spent two years with G.S.I. as Geoph. Eng. and Assistant Party Chief, one year with Union Oil Company of Canada in development of seismic data processing techniques. Presently with Digital Technology (Calgary) as Research Geophysicist.

has held a variety of positions in the petroleum exploration field including: field engineer with a well logging contractor, party chief with a major seismic contractor, computer applications engineer for an independent oil company and several years as a consulting engineer. His current duties include management of Digitech's Research and Development and Remote Sensing Data Processing sections and Computer operations for Digital Technology (Calgary) Ltd.

THOMAS L. DAVIS

Thomas L. Davis was born in 1947 in Regina, Saskatchewan, Canada. He received the B.E. (1969) in geophysical engineering from the University of Saskatchewan, Saskatoon, and the M.Sc. (1971) geology (geophysics) from the University of Calgary.

His main research to date has involved the determination and the distribution of seismic velocity in the subsurface of Western Canada. He received the C.S.E.G. Best Paper Award in 1971 for his presentation "Velocity Variations Around Leduc Reefs".

He was employed (1971-1972) as a geophysicist with Amoco Canada Petroleum Company Ltd. in Calgary, Alberta prior to currently working on a doctorate at the Colorado School of Mines. He is a member of the S.E.G. and the C.S.E.G.

E. R. (ROSS) CRAIN

E. R. (Ross) Crain is a Director of Digitech Corp. Ltd. and Vice President of Operations of Digital Technology (Calgary) Ltd. He graduated with a Bachelor of Engineering degree from McGill University and has since studied management development. He

BIOGRAPHIES

TIMOTHY EBY

Timothy Eby received his B.Sc. and M.Sc. degrees in Physics in 1967 and 1969 respectively, from the University of Waterloo.

During the interim period 1967-1968 he was employed by Amoco Canada (then Pan American Petroleum Co.) as a geophysicist. He returned to Amoco Canada in 1969 and is currently a geophysicist working on potential field interpretation development.

Mr. Eby is a member of the Canadian Association of Physicists and an associate member of the Society of Exploration Geophysicists.

HENRY B. SAWATZKY

Henry B. Sawatzky served in the RCNVR from 1943-1945 and graduated from the University of Saskatchewan in 1948 with a B.A. degree in physics. Following postgraduate studies he was employed as a seismic interpreter by Petty Geophysical Engineering Company until 1954. From 1954-1967 Mr. Sawatzky worked for the Saskatchewan Department of Mineral Resources. In 1967 he was appointed chief geophysicist for Francana Oil & Gas Ltd.

Mr. Sawatzky is author and co-author of several technical papers and reports and is a member of the CSEG and SEG.
