

BIOGRAPHIES

EIICHI ASAKAWA received the B.Sc. and M.Sc. degrees in geophysics from Tokyo University, Tokyo, Japan, in 1984 and 1986, respectively.

He joined JAPEx (Japan Petroleum Exploration Co., Ltd.) as a geophysicist in 1986. From 1986 to 1993 he worked for JAPEx Geoscience Institute, Inc.

From 1993 to 1996, he was a researcher for JNOC (Japan National Oil Corporation). His primary interests include time series analysis, parallel processing, tomography and raytracing. Mr. Asakawa is a member of SEG and SEG Japan.

R. PHILLIP BORDING received his B.Sc. in Applied Mathematics in 1967 from the University of Missouri, and received his M.Sc. in Computer Science in 1983 from the University of Alabama. In 1995, he received his Ph.D. from the University of Tulsa in Computer Science. Dr. Bording worked with Amoco from 1970-1987 and was with Minnesota Computing Center Inc. from 1987-1994. Phil is a member of SEG and the Geophysical Society of Tulsa.

ANDREW BURTON see biography and photograph in June 1996 *Canadian Journal of Exploration Geophysics*, Vol. 32, No.1.

ROBERT J. FERGUSON received the B.Sc. degree in geophysics from the University of British Columbia in 1989. He is presently studying toward the M.Sc. degree at The University of Calgary. From 1989 to 1993 Robert worked for HGS Inc. During 1994 he was at Integra Geosciences. In 1995 he was working at Amoco Canada.

Presently he is affiliated with The University of Calgary.

F. KALANTZIS see biography and photograph December 1995 *Canadian Journal of Exploration Geophysics*, Vol. 31.

E.R. KANASEWICH see biography and photograph December 1995 *Canadian Journal of Exploration Geophysics*, Vol. 31.

A. KOSTYUKEVICH no biography available.

LARRY LINES see biography and photograph June 1996 *Canadian Journal of Exploration Geophysics*, Vol. 32, No. 1.

MARK NG graduated with a B.Eng. (Distinction) from Concordia University in 1981 and an M.Sc. from The University of Calgary in 1983, both in electrical engineering. He worked in the R&D Department at Sefel Geophysical from 1983 to 1985. Since that time he has been employed with Geo-X Systems Ltd. in Calgary. In 1991 he was invited to teach in the University of

Changsha, China for one year.

JOHN M. PARKIN obtained his B.Sc. in Geophysics from The University of Calgary in 1987. He was employed as a processing geophysicist with CGG Geophysics Canada (1988-1991) and from 1991 to the present, has been employed as a geophysicist in borehole seismic acquisition, processing and analysis with Western Atlas / Downhole

Seismic Services. He is a member of the CSEG, SEG and APEGGA. His primary interests are the study of compressional and mode converted seismic waves in the VSP domain, in a wide variety of geologic settings.

MICHAEL A. SLAWINSKI has worked in seismic data acquisition, processing and interpretation with Gulf Canada (1985-1986), Husky Oil Operations (1987), Chevron Canada (1982-92) and Talisman Energy (1993-95). He is presently employed by PanCanadian Petroleum Ltd. He obtained his M.Sc. in geophysics in 1988, and Ph.D. in geophysics in 1996 from The University of Calgary. His specific research interests are related to seismic wave propagation in anelastic and anisotropic media as applied to petroleum exploration. He is a member of the SEG and APEGGA.

ROBERT R. STEWART see biography and photograph June 1996 *Canadian Journal of Exploration Geophysics*, Vol. 32, No. 1.

A. VAFIDIS see biography and photograph December 1993 *Canadian Journal of Exploration Geophysics*, Vol. 29.
